

# Role of Mycorrhiza in Sustainable Agriculture and Forestry

Wednesday, 22 March 2017  
Juniper Hall, India Habitat Centre,  
Lodhi Road, New Delhi

## TECHNICAL PROGRAMME

09:00	<b>Registration</b>
10:00	Welcome address: <b>Mr Prabir Sengupta, Director, Knowledge Management Division, TERI</b>
10:10	Special Address <b>Prof. C Manoharachary, Emeritus Scientist, CSIR</b> NASI Senior Scientist Platinum Jubilee Fellow Dept. of Botany, Osmania University, Hyderabad
10:20	Inaugural Address <b>Dr T Madhan Mohan, Adviser, Department of Biotechnology, Government of India</b>
10:30	Special Address: Introduction to Mycorrhiza and their utility <b>Dr Alok Adholeya*, Director Research and Technology Development, Mycorrhizal Applications, USA</b>
11:00	Coffee break
11:15	Mycorrhiza–Future Vision–Interactive session with students and faculty

### SESSION I

**Chair: Prof. C Manoharachary**

12:00	<b>Commercialization of AM Fungi and Biofertilizer</b> Prof. C Manoharachary, Emeritus Scientist, CSIR
12:20	<b>Mycorrhiza in Sustainable Agriculture, Horticulture and Forestry</b> Prof. D.J. Bagyaraj, INSA Hon. Scientist; Chairman, Centre for Natural Biological Resources and Community Development, Bangalore
12:40	<b>Role of Ectomycorrhizae in Forestry Development</b> Prof. N. Raaman, Director, Centre for Advanced Studies in Botany, University of Madras
13:00	<b>Scope and Limitations of AM Bio-fertilizers</b> Prof. B.F. Rodrigues, Department of Botany, University of Goa

13:20 **LUNCH**

### SESSION II

14:00	<b>Presentation of the TERI Mycorrhiza Network</b>
14:30	<b>Panel Discussion cum Valedictory</b> <b>Presentation of select case studies/</b> <b>Interaction with participants</b>
16:30	<b>TEA</b>
17:00	<b>End of Session</b>
